

weFEEDsa ECD Students

## Letter from the CEO

Dear weFEEDsa Family,

As we approach the close of 2025, I am humbled by the partnerships and collective momentum that continue to shape our mission at weFEEDsa. This month reflects meaningful progress in early childhood development, water security, and school infrastructure—each milestone made possible through the commitment of our partners and supporters.

Our collaboration with Nedbank continues to strengthen Early Childhood Development. Their support is enabling two of our ECD educators to advance to NQF Level 5, expanding qualification pathways and long-term employment opportunities. Nedbank is also helping us upgrade two ECD centre environments, improving safety, learning conditions, and the overall well-being of the children we serve. These investments reaffirm our belief that lasting change begins in a child's earliest years.

We are also pleased to deepen our work with MANCOSA at Nilgiri Secondary School, where essential improvements to water access and sanitation facilities are underway. These upgrades promote dignity, reduce health-related absenteeism, and create a more supportive environment for both learners and educators. As weFEEDsa celebrates five years, we are proud to begin production on our official documentary, directed by Michael James and set for release in early 2026.

Thank you for your trust, collaboration, and support. Wishing you and your families a peaceful, restorative holiday season

Warm regards,  
*Zahid Fakey*

## HIGHLIGHTS

### PARTNERING WITH NEDBANK TO INVEST IN EARLY CHILDHOOD DEVELOPMENT

Our continued partnership with **Nedbank** is significantly strengthening **Early Childhood Development**. Their support is helping two weFEEDsa ECD educators advance to NQF Level 5, expanding qualifications and long-term employment opportunities. Nedbank is also enabling critical upgrades to two ECD centre environments, improving safety and learning conditions for young children. This investment reinforces our shared belief that meaningful, lasting change begins in the earliest years of a child's life.

### PARTNERING WITH MANCOSA TO IMPROVE WATER ACCESS AND SANITATION AT NILGIRI SECONDARY SCHOOL

Our partnership with **MANCOSA** at Nilgiri Secondary School is driving essential improvements in water access and sanitation. These upgrades ensure consistent clean water for learners and educators while providing safer, more dignified facilities. By reducing health-related absenteeism and enhancing daily well-being, this intervention strengthens the school environment and supports more equitable learning conditions. We are grateful for the collaboration that enables sustainable, meaningful change within this community.

### WEFEEDSA DOCUMENTARY: REFLECTING ON FIVE YEARS OF IMPACT

As weFEEDsa marks its fifth anniversary, we are proud to be producing our official documentary, directed by **Michael James of Godard Creations** and set for release in early 2026. The film captures our journey, the communities we serve, and the human stories behind every intervention. It reflects our purpose, growth, and impact, offering an honest and inspiring look at the work made possible through our partners and supporters. Keep a look out for screenings that will be held next year as we share this story with our supporters.

**HIGHLIGHTS**

"Thank you to the organisation and their sponsor for providing a wheelchair that has made life significantly easier for a quadriplegic. This wheelchair has given my brother the ability to move around with greater ease and comfort."

- Shameem Reddy
