

Childminding And Caregiving Training
at Whetstone, Phoenix

Letter from the CEO

Dear weFEEDsa Family,

April reminded us that real change begins with people.

Through our Childminding and Caregiving Course, we are empowering individuals with the skills and confidence to nurture, support, and help shape the future of our communities. Our Hygiene Training continues to equip participants with simple yet impactful knowledge that promotes healthier environments and uplifts everyday lives.

This month, we also reached a significant milestone, 1,270 participants successfully completed our Gender-Based Violence (GBV) Training. This represents more than attendance; it reflects conversations being opened, awareness being strengthened, and communities taking meaningful steps toward safety, dignity, and accountability.

Across every programme, we continue to witness growth, resilience, and the power of people investing in one another. Every training session, every participant, and every opportunity created contributes to a bigger story of empowerment and sustainable impact.

Thank you for being part of this journey with us. Together, we are building stronger, more informed, and more connected communities, one life at a time.

Warm regards,
Zahid Fakey

HIGHLIGHTS

NURTURING THE NEXT GENERATION: CHILDMINDING AND CAREGIVING COURSE

As part of **Project COMMUNITY**, funded by the **Social Employment Fund**, 108 dedicated individuals across Windermere, Phoenix, and Umgababa have taken a powerful step forward. Through the **Childminding and Caregiving Programme**, participants gained hands-on skills in child development, activity planning, and practical childcare; building both knowledge and confidence. These are not just certificates; they represent communities better equipped to nurture, protect, and inspire the next generation. Early childhood development starts here.

BUILDING DIGNITY THROUGH SKILLS: DOMESTIC SERVICES PROGRAMME

A clean space is more than just tidy; it is a foundation for dignity, pride, and opportunity. Through weFEEDsa's **Project COMMUNITY** initiative, funded by the **Social Employment Fund**, 44 participants across Umgababa and Little Saints completed the accredited Domestic Services Programme (NQF Level 1). Participants gained professional cleaning skills, responsible waste management knowledge, and eco-conscious practices. In just two days, participants walked away with hard skills, soft skills, and a qualification that opens real doors.

EMPOWERING COMMUNITIES AGAINST GENDER-BASED VIOLENCE

In a country where a woman is murdered every three hours (The Star, 2025), knowledge becomes a powerful tool for protection and change. Through the **Social Employment Fund**, implemented by weFEEDsa in collaboration with **COPS Combat Academy**, more than 1,270 participants across over 60 communities received training in GBV awareness, self-defence, legal rights, and conflict de-escalation. From Durban to Pietermaritzburg, communities are becoming stronger, more informed, and better equipped to challenge violence and create safer spaces for all.

Heartfelt HIGHLIGHTS

"Thank you weFEEDsa for cleaning up the dumpsite outside my home. It's a breath of fresh air to drive past and see it amazingly cleaned up from all the junk left there. I also don't have to worry about my vehicle getting scratched by the twigs and branches that stuck out onto the lane. God bless you and your amazing team who are making such a positive impact in our area. Keep it up! We need more NPOs like this to operate in our country." - Resident of Belor
